Warren Saunders Insurance Brokers,
in partnership with Recovery Partners have revolutionised
Workers Compensation management!

Recovery Partners

does WORKERS COMPENSATION have you scratching your head?

"By utilising this service our premiums were reduced by \$1.8 million in just twelve months"
- Micheal Martin, Lindsay Transport

Warren Saunders Insurance Brokers, in partnership with Recovery Partners (WorkCover Accredited Provider) have revolutionised Workers Compensation Management.

Our unique strategy takes a holistic approach to maximise your outcomes and minimise your costs.

In addition to our vast array of services, we are able to target substantial premium reductions through our unique approach to injury management.

By utilising Recovery Partners expertise in the field of rehabilitation, they will act as your Return to Work (RTW) Co-Coordinator in a shared RTW Co-Ordination role by supporting your current internal resources.

Recovery Partners will liaise with your staff, attend doctor and provider consultations and develop RTW plans to ensure injured workers return to work faster and with desirable outcomes.

These costs are absorbed internally and will not be duplicated through your Workers Compensation premiums.

Please call now to find out how our revolutionary and unique strategy can save you money too!

Why we are different:

- + **We** prefer to work on site with you. Where appropriate, we arrange to meet at your premises at a pre-determined date and time.
- + **We** attend doctor's appointments with your employees to ensure the best possible outcome.
- + **We** charge you directly. The costs incurred by using our services are not incorporated into your claims costs, therefore minimising the impact the claim has on your premium.
- + **We** have dedicated teams at several Agents (Insurers). This means that you get the best staff working on your account.
- + **We** can help you access funds to assist in your OH&S and Prevention Programs. (Up to 0.75% of your premium)

Our services are provided to our clients Australia wide.

“By using the services of Warren Saunders Insurance Brokers and Recovery Partners we have implemented new return to work procedures which has resulted in injured workers returning to work and in turn saving us a considerable amount of money in reduced workers compensation premiums”
